## DETAILED ACTION

### *Response to Amendment*

The After-Final amendment filed on April 24, 2007 is sufficient to overcome the prior art reference and place the application in condition for allowance.

### *Allowable Subject Matter*

Claims 3-8, 12 and 13 are allowed.

The following is an examiner's statement of reasons for allowance: As noted in the Final Office Action (3/28/07), the prior art of record does not disclose or fairly suggest a cutting apparatus comprising *a second frame member extending forward relative to the all-terrain vehicle; first and second blade members and first and second linking members, wherein the first blade member and the second blade member are pivotally connected to the second frame member about a common pivot point and wherein the first linking member being pivotally fastened to the proximate end of the first blade member and pivotally connected to a means for actuating* in combination with the rest of the positively recited limitations as set forth in claim 3.

Neither the prior art of record nor any combination thereof discloses the claimed invention as set forth in claim 3.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
